

The Baby's Perspective

A course for experienced doulas, RN's, LVN's, LC's, CLE's & Infant Care Specialists who have been working with newborns for a while and want to learn the baby's perspective. This popular course is 6 individual DVDs for self learning.

MODULES

1. Newborn Assessment - how it affects the breastfeeding process
2. The First Week - learning baby's natural rhythms and patterns
3. Breastfeeding - the art of comfort care (with clinical competencies)
4. Breastfeeding - solving problems (sore nipples, reluctant nurser, etc.)
5. Myths, Advice and Urban Legends - helping the parent wade through it
6. Gadgets and Gizmos for the new mother and baby and breastfeeding
